Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Jason D. Voight on 4/12/04. The application has been amended as follows:

1. Please delete "=" from the definition of R7 in claims 5 and 6 and insert "is a" (last 4th line before the formula VI).
2. Please delete "f" from the definition of R7 in claims 5 and 6 and insert "is not", (second last line of the paragraph before the formula VI).

Reasons for Allowance

Presently claimed invention is drawn to 3-(heterocyclyl)-benzoylpyrazoles derivatives, composition, process of making and their use for controlling undesired vegetation. Instant invention differs from the prior art of record in claiming a branched alkyl group, substituted at Nitrogen of the pyrazole ring.

1. The following is an examiner's statement of reasons for allowance:
2. Claims 1 to 6, 10, 12 and 14-18 (re-numbered as 1-13) are allowed.
3. The closest prior art is US Patent 5,846,907 (von Deyn et al.).
4. Declaration filed by Dr. Manthias C. Witschel on 4/25/2003 has been considered.

Herbicidal action of the presently claimed compounds 2.2 and 2.3 (having a branched alkyl group) are compared with compounds A and B ((having straight chain alkyl group) of the prior art. The data on page 2 of the declaration clearly shows that branched alkyl group substituted at N of pyrazole ring is unexpectedly better than the compounds containing straight chain alkyl groups at the same position. This property was neither taught nor suggested by the prior art.

Examiner is thankful to Attorney Jason D. Voight and Herbert B. Keil for their cooperation during the prosecution of this application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
